Community Impact for the Advancement of Women Application

## Overview

In 2016, the Saint Louis University Women's Commission established the Sister Shirley Kolmer Memorial grant program with initial endowed support from an anonymous Women's Commission member and the 1994 Woman of the Year award winner. The purpose of the Sister Shirley Kolmer Memorial grant program is to support the mission of the Women's Commission and help to financially support individual leadership development opportunities and community impact projects that support the advancement of women.

The Community Impact for the Advancement of Women grant focuses on projects that exhibit a strong commitment to serve groups of women within the community, particularly projects that demonstrate a high level of stakeholder impact. Examples of the benefits of such projects include:

- advancing educational or career opportunities
- · helping women overcome challenges, barriers, or inequity
- providing resources that will improve the quality of life
