A Message from the Office of Student Life

The Student Life team at SLU-Madrid practices the University mission by being of service to students and encouraging our students to, in turn, be of service to others.

In the spirit of the Jesuit tradition, we believe in educating the whole person; we are concerned with the life of the mind, body and spirit. We facilitate programs, services and experiences that will help students become leaders who are critically reflective and socially aware.

Most importantly, we are committed to offering top-quality services to our students, supporting them and offering opportunities for them to succeed in their college life.

We are here to help you with anything that is a matter of concern to you.

If you have any questions after reading the guide, feel free to stop by the Office of Student Life on the ground floor of Padre Rubio Hall (PRH) or email us at studentlife-madrid@slu.edu.

Be Open

- Expect to feel a little disoriented by the differences between your home and SLU-Madrid.
- Take your academics seriously. We understand that outside of your classes, you may want to travel and go out, but remember that first and foremost, you are a student. You are enrolled in an academic program and our courses are challenging!
- Even if you already know other students on campus, try to meet new people. Our students come from more than 50 different countries. Get involved in the extracurricular activities organized by Student Life to meet new people and enhance your experience. We offer a wide variety of student-led organizations and clubs, non-academic trips, sports, volunteer opportunities and Campus Ministry activities.
- Madrid's cultural life can be an extraordinary experience for students. Be prepared to enjoy it, but do not neglect your responsibilities.

Be Safe

- Give your emergency contact information to your family and other trusted contacts. Keep them informed, especially when you plan to travel outside of Madrid. When people hear about events on the news, they worry if they do not know where you are and that you are safe.
- The Spanish Red Cross encourages cell phone users to identify their emergency contact in their phone book by including Aa before that person's name [e.g. Aa Host Mom]. If you do not have an emergency contact in Madrid, we encourage you to use SLU-Madrid's health and safety emergency number (+34) 638 763 758; however, please keep in mind that misuse or abuse of this emergency service is sanctionable.

- Comply with the [Student Responsibility & Community Standards](#) and the [Emergency Procedures](#) of the University.
- Remain vigilant about your surroundings and try not to draw attention to yourself, particularly when you are out in large groups, on the metro, or in touristy areas.
- When you go out at night, always take a fully charged cellphone with you. Share a taxi when returning home late at night. Like many large cities, Madrid can be dangerous in the early hours of the morning. You are especially vulnerable if alcohol has dulled your level of alertness.
- Behave in a manner that is respectful of the rights and well-being of others, and encourage others to behave in a similar way.
- Accept responsibility for your own decisions and actions.
- When you order drinks at a bar or night club, make sure that the bottle is opened in front of you and that there is nothing else put in the glass. Never leave your glass unattended.
- Make two copies of your passport. Leave a copy in one of your suitcases in your Madrid residence. Carry the other with you at all times. Leave your original passport at your Madrid residence, except when needed for travel or official business. It is also a good idea to email your emergency contact a scanned copy of your passport.
- It is best to leave all valuables (jewelry, cameras, money, etc.) locked in a suitcase at your residence in Madrid. The University is not responsible for items that are lost or stolen.
- Never leave any of your belongings unattended, even for a moment, on or off-campus.
- In case of national emergency in Spain, we will inform you through your sl.u.edu e-mail account, the Saint Louis University APP, and through the Campus News bulletin.

Be Healthy

- Carry your Sanitas insurance card with you at all times. You need to have a new Sanitas card every year, which you must

pick up from the Office of Student Life. If you go to a hospital or doctor without the card, you will have to pay for medical services out-of-pocket.

- If you are sick, consult the list of [hospitals and doctors](#) to determine who to contact.
- All of the doctors on this list are in the Sanitas insurance network and you can see them at no extra cost; however, the Sanitas insurance plan does not include prescription medicine or dental work.
- The Office of Student Life will help you find a general practitioner who speaks English. Information about a general practitioner who speaks English and accepts Sanitas health insurance is in Appendix I-A.
- There is information on our website about the resources available to you in the event of a [medical emergency](#).
- For information about a daytime, walk-in clinic that accepts Sanitas health insurance and is located near campus, see Appendix I-B.
- For hospitals close to campus that accept Sanitas health insurance for emergencies and other health issues, see Appendix I-C.
- In Spain, all medications (prescription and over-the-counter) are sold only in pharmacies and are relatively inexpensive. Although the active ingredients are generally the same, brand names differ from those in the U.S. and other countries. If you have a persistent cough or cold, you should see a doctor rather than guess the appropriate medication on your own.
- Do not abuse or mix alcohol or drugs. There are many fun leisure activities around Madrid that do not involve drinking alcohol. You can get involved in sports, join or charter a student-led club, or volunteer in the community.

Be Active

- Contact our Sports Director, César Rioja (cesar.rioja@slu.edu) to find out about tryouts, pick-up games, classes, as well as the location of gyms, sport centers,

swimming pools, and more. Also, check the Campus Newsletter for weekly updates.

Athletic activities facilitated by SLU-Madrid include, but are not limited to:

(American) Football
Baseball
Basketball
Golf Gyms
Hockey
Horseback riding
Lacrosse
Paddle Tennis
Rugby

Running
Scuba Diving course
Soccer
Squash
Swimming
Tennis
Ultimate Frisbee
Volleyball

Be Comfortable

- If you are living with a host family arranged through the University, you need to understand the terms of our [Housing Agreement](#). For other issues related to housing, stop by the Office of Student Life, or e-mail housing-madrid@slu.edu
- Host family housing is closed during Christmas/Winter Break and Holy Week (see the SLU-Madrid [Academic Calendar](#)). Most students take the opportunity to travel. Alternative housing (at the student's expense) can be arranged in a nearby hotel.

Be Legal

- If you are a student from a non-European Union country and arrived in Spain with a long-stay visa, your visa is a **temporary** document, valid to stay in Spain for only three months.
- Within 30 days of your arrival in Spain, you **must** start the process of applying for a residency card. Each card has an

assigned code known as a NIE (*Número de Identificación de Extranjeros* - Identification Number for Foreigners). The card indicates that you have the legal status to reside in Spain, and is used as a form of identification. Once you receive your card, you must have both your card and your passport in your possession to enter and leave Spain, and you must have the TIE on you at all times while you are in Spain.

- If you are from a country that is within the European Union, you may get a NIE and TIE as well, but it is not mandatory.
- During the semester, if you (whether you are European or not) plan to apply for a part-time job in Spain or an internship, you must hold a valid TIE if you are a foreigner and NIE if you are an EU citizen (Europeans don't get a physical card – just a number assigned to them).
- You should apply for your TIE as soon as possible. Despite the expiration date that appears on your visa, you will only have 30 days after your entry into Spain to start the process of applying for the card.
- **Card Renewal**
The TIE is valid for one year and is renewable. You may start the renewal process 60 days before it expires.
- **Reentry into Spain Permit (*autorización de regreso*)**
If you have already started the process of getting your card, but have not yet received it, and you need to leave the EU, you need to get a Reentry to Spain Permit. This document, valid for one entry in a 90-day period, will allow you reenter Spain. You should apply for it at least four weeks before your trip.

Please contact the Office of Student Life for more information on obtaining a TIE or a Reentry into Spain Permit.

For important information about your passport, see Appendix II.

Be Mobile

The public transportation system in Madrid offers monthly passes and ten-trip tickets that are valid for the Madrid Metro and bus systems. The ten-trip tickets can be purchased at the ticket machines or ticket counters located at any Metro station.

In order to buy a monthly pass, you must first apply for a transport card/ID:

[Online Application for Transport Card in the Comunidad de Madrid](#)

[Guidelines on How to Fill It Out](#)

To apply for a transport card, following these instructions:

1. Select the correct age range: Check the first option if you are under 23 years of age. Check the second option if you are 23 to 65 years of age.
2. Once you have selected your age range, click on *Aceptar*.
3. On the following screen, select *pasaporte* from the first drop-down menu. On the second drop-down, select your country of citizenship and fill in your passport number.
4. Click on *Aceptar* and then *Pedir cita previa*.
5. On the next screen, check the box next to *Iniciar búsqueda de cita previa por fecha*. You may then select up to three locations for your application appointment. Three locations close to campus are: Intercambiador de Moncloa, Ciudad Universitaria, and Nuevos Ministerios.
6. Click on the calendar icon to select a convenient day for your appointment. Once you have selected a date, click on *Buscar cita previa*.
7. On the following screen, you will see available slots for

the location(s) selected. Choose an appointment time and click on *Confirmar cita*.

8. Finally, you will need to provide your email address and a SPANISH cell phone number, and write in the captcha. Click on *Finalizar* to confirm your appointment.
9. Be sure to take a photocopy of your passport and 4€ to your appointment.

Be in Touch

The easiest way to keep in touch with your loved ones is through social media and text apps. However, you must check your slu.edu email daily and respond within 24 hours to professors and staff as that is our official means of communication at the University.

Wi-Fi is installed throughout campus and in host-family housing. In host families, telephone access is restricted: you will only be able to receive incoming calls on the landline.

Keep in mind:

- Purchasing a Spanish SIM Card or a new phone is a good idea as you may need to make calls in case of an emergency. You cannot rely solely on Wi-Fi.
- Incoming calls are free as long as you are in Spain, the base country for the phone. If traveling around Europe, roaming charges are applied for making and receiving calls.
- We recommend calling your friends and family through FaceTime, Skype, WhatsApp audio/video, or other apps that use data/Wi-Fi connections.

If you are having packages or important documents sent to you from the U.S., we encourage you to use FedEx, UPS or DHL, even though it is more expensive than the U.S. Postal Service. The express mail services are faster and more reliable, and packages can be tracked. U.S. Postal Service Express mail promises a 5 to 7 days delivery to Spain, but that does not mean to your door. USPS mail is delivered with regular Spanish mail, and there is no

way to track its progress. Some students have waited for months to receive packages sent by their families through regular mail. **Do not send any medications, they will not clear customs.**

Packages are subject to having VAT assessed if valued over 22€ and duties assessed if valued over 150€.

If you live in host family housing, or you want to receive packages (anything that requires a signature, for example, or anything larger than a letter), it is best to have your mail sent to:

Your Full Name
Saint Louis University – Madrid Campus
Avenida del Valle, 34
28003 Madrid SPAIN

During regular office hours, there is someone to sign for packages at the University. If you have mail, the receptionist will email you to let you know.

If you do not live in University-sponsored housing, you should have your mail sent to your residence, not to campus.

Be Spiritual

SLU-Madrid is a diverse, international community and we strive to support one another in our individual spiritual needs. By creating a welcoming and accepting community for all, we better ourselves and the world around us.

SLU-Madrid welcomes all members of our campus community to participate in events sponsored by Campus Ministry. Our mission is to better understand and live out the spirituality given to us by Saint Ignatius by:

- Finding God in all things; that is, being actively attentive to God, who is ever active in our lives.
- Being people for others; that is, being people who cannot even conceive of a love of God which does not include love for their

neighbors.

- Promoting the spirituality and beliefs of all faith traditions.

We also encourage students to get to know the Campus Chaplain.

The initiative to deepen your faith rests with you, but we want to help. Aided by all that SLU has to offer, may you grow in your understanding of God's desires for you personally and for our world. Campus Ministry provides individuals and groups with opportunities for discovering and developing their God-given gifts, drawing them – as men and women for others – into a deeper communion with God and with God's people.

Some current Madrid Campus Ministry activities include:

- Christian life community groups.
- Loyola Pilgrimage Retreat: while visiting Loyola, the hometown of Saint Ignatius (founder of the Society of Jesus), we reflect upon our lives as Saint Ignatius did upon his.
- Fundraising events.
- Seminars and round-table discussions to talk about issues of faith, social justice and a faith that does justice.
- Confirmation catechesis.
- Visit service organizations.
- Interfaith activities.

More information about Campus Ministry activities is available [online](#), or you may email campusministry-madrid@slu.edu.

SLU-Madrid also has a Jesuit Club, composed of SLU-Madrid faculty, staff and students from all faith traditions, and we welcome you to join us.

For a list of places of worship according to your faith tradition, please see Appendix III.

Be Wired

The University provides computing equipment and access to networks to support the academic work of students. In addition to using the computers in the computer labs and in the Library, students can bring their own laptops to campus and connect to the campus-wide Wi-Fi network.

To use the internet connections in University housing, your computer must have a free ethernet connection with an RJ45 socket. If you have any hardware or software questions, please email support-madrid@slu.edu.

Be Thrifty

Tips to help you manage your money in Spain:

- Use your debit card or credit card with a PIN. Withdrawing money from ATMs in Spain is an easy way to get money from the U.S. You can also access ATMs at the airport.
- Always keep your money in a safe place and do not share your card's PIN with anyone, including friends.
- For incidental expenses, we recommend that you carry 20€ with you at all times.

If you are planning on staying in Madrid for a year or longer, you may want to open a bank account. The University works with the following bank, which is located close to campus:

Banco Santander Central Hispano
Paseo de San Francisco de Sales, 35
28003 Madrid - SPAIN
Tel.: (+34) 91 533 32 01

Western Union also has offices throughout Madrid for receipt of wire transfers. Their toll-free number in Europe is 900 633 633.

If you have an American Express account, depending on the Card you have, you withdraw cash at 4B, Servired and La Caixa ATMs in Spain.

What to do if your credit and/or debit cards are stolen or lost:

First, cancel all credit cards by contacting your credit/debit card company:

Visa / MasterCard / Europcard: 902 192 100

American Express: 902 375 637

(WE DO NOT RECOMMEND AMEX IN SPAIN)

Debit Card: Contact your home bank.

Second, file a police report either by phone at 902 102 112 (they speak English) or in person at c/ Rafael Calvo, 33 or Comisaría de Policía Centro, c/ Manuel Luna, 29. After filing the report, make two copies: one for you and one for the U.S. Embassy, which sometimes recovers stolen items.

Be Cosmopolitan

All University-sponsored trips must be paid for in the Office of Finance using U.S. dollars, euros, credit cards, or personal checks. Please note that trip fees are non-refundable. The University reserves the right to change the dates or destination of trips due to scheduling conflicts.
