

SAINT LOUIS UNIVERSITY

CONTINUING MEDICAL EDUCATION PROGRAM

Practical Anatomy and Surgical Education (PASE)

Continuing Medical Education Certificate Information

Thank you for participating in the PASE Workshop.

Your CME certificate for *AMA PRA Category 1 Credits™* will be available to download or print within 20 days of the close of the activity.

The SLU CME Program staff will send you an email from cme@health.slu.edu with instructions to claim the credits (time spent in the educational portion of the activity), answer a few change of practice questions, submit and download or print your certificate.

Please note, if you do not claim your credits then the lifelong learning database will have a ZERO in your credit line. Please complete the process.

The attendance certificate provided by PASE does not include the credits or the ACCME statements so it is only for you to show that you attended but is not to be used for your credits and will be rejected if you are audited.

If you have questions please contact the SLU CME Office at cme@health.slu.edu
