

**SAINT LOUIS UNIVERSITY**

—  
**ANESTHESIOLOGIST  
ASSISTANT PROGRAM**

**Saint Louis University Master of Medical Science in Anesthesia  
Shadowing Form**

The Saint Louis University Master of Medical Science in Anesthesia Program requires all applicants to shadow either a Physician Anesthesiologist (MD or DO), Anesthesiologist Resident, Certified Anesthesiologist Assistant (CAA) or a Certified Registered Nurse Anesthetist (CRNA). To obtain credit for shadowing experience, please have the licensed anesthesia provider sign off on your documented experiences and hours.

The purpose of exposure to anesthesia practice is to have the applicant obtain a better understanding of the anesthesia care team model, patient-provider interactions, and the technology and manual skills involved in anesthesia delivery and care through the observation of the administration of anesthesia and other patient care activities such as preoperative and postoperative evaluations.
