Additional Notes

1. SLU makes no claim about the applicability of its academic programs to any state-established requirements outside the domain of the educational criteria of academic programs designed to prepare students for state-level licensure.
2. **For Domestic Students/U.S. Residents:** Professional licensure requirements, and determinations of which academic programs fulfill them, are established solely by individual states, and are subject to change without notice to SLU. The SLU records above will be updated annually; however, SLU cannot guarantee that they are always accurate.

Saint Louis University cannot guarantee an individual's attainment of any state-established professional licensure or certification, in any field, in any jurisdiction. All prospective students considering this program, and all current students in this program, should always consult the appropriate licensing agency(ies) in the state(s) in which they wish to practice professionally to determine each state's updated professional licensure requirements and ensure SLU academic program compatibility.

3. **For International Students:** Saint Louis University makes no claims about whether or not SLU programs satisfy the requirements for professional practice, certification, or licensure in any country other than the United States. Prospective students living and/or working outside of the United States, or who intend to work outside the United States, should confirm with the appropriate certifying agency whether successful completion of any degree program at SLU will meet the academic credential requirements of the country in which they intend to seek employment.
